Dear Parents/Caregivers

Re: Graphics Calculators in Years 10 -12 Mathematics

Senior Secondary students endeavouring to undertake Mathematical Studies at Year 11 and 12 are required to use graphics calculators. Therefore, it is recommended that Year 10 students that have selected Mathematics A will need to purchase a graphics calculator in order to meet the course requirements.

As SACE Board of SA have stipulated that only certain graphics calculators may be used, we have selected the Casio fx-CG20AU as the graphics calculator to be used at Caritas College. All students are required to use the same brand of calculator.

Families can purchase the specified calculator from a retailer of their choice or alternatively place orders direct with Abacus Calculators. Orders placed before 16th January 2017 will be delivered to the school in bulk by week 1 of Term 1 and will not incur a delivery fee. The cost of the calculator and padded case is $224.50. Late orders will be charged an additional $14.95 delivery fee. Ordering instructions are attached.

We encourage that once your child has finished their math schooling that you sell on the calculator to another family.

Should you require any clarification please feel welcome to contact me at school.

Yours sincerely

Mrs Jasmin Eckert
