RE: Oliphant Science Awards and ScienceAlive! – Saturday 2 - Sunday 3 August 2025

Dear Families

Your young person has entered a project into the Oliphant Science Awards this year.

Entries across all project categories have been rolling in over recent weeks with the final due date for some projects on the 29 July.

Project judging commences next Friday 4 July and concludes with onsite judging at the Adelaide Showgrounds on Thursday 31 July.

Once judging is complete, winning projects across all categories, age groups and places (1st, 2nd, 3rd, commendations) are displayed along with ALL model entries at the Adelaide Showgrounds as part of ScienceAlive! which is held over the weekend of 2-3 August.

Families of students who have participated this year are eligible for discounted tickets if you wish to attend ScienceAlive! in Adelaide. To do this, you need to notify myself at christine.kemp@cc.catholic.edu.au and I will send you the 7 digit code for your young person to enter on the Oliphant Science Awards website [2025 Science Alive! Family Discount offer | South Australian Science Teachers Association](#).

It is not compulsory to attend, nor a requirement of participation.

The school will be notified later in Term 3 if any of our projects have been successful in the Oliphant Science Awards and winning students, and their families, will be invited to attend the award ceremony.

Further information is available on request by contacting the school via phone or email.

Yours sincerely

Christine Kemp
SACE Chemistry, Science and Maths Teacher
UniSA STEM Ambassador
Oliphant Science Awards Coordinator

Damian Smith
Principal
